PROGRESSING PROGRESS

# Our SEAL Training Day

# What we taught the staff

- SEAL promotes positive behaviour by progressively developing the underpinning skills and attitudes.
- SEAL helps children to recognise that bullying is wrong.
- SEAL promotes better school attendance through improving motivation and the enjoyment of school.
- SEAL helps overcome social and emotional barriers to learning and helps all children to be more effective learners.
- SEAL contributes to all the ECM outcomes.
- SEAL is increasingly contributing effectively to the delivery of the non-health aspects of the PSHE framework in schools.
- SEAL helps children and young people to be responsible citizens, helping to underpin Citizenship delivery.
- Pupils benefit from the development of these skills and regular opportunities to practice them at school. Some pupils who have not had proper opportunities to learn these skills at home will derive particular benefit.
- SEAL helps schools to create a safe and emotionally healthy school environment where pupils can learn effectively.
