Dear Stakeholder

Outcome of Consultation on Admissions from September 2018

Further to my communication of 17 November 2016, I am writing to advise that the Governing Body of Chiltern Edge School has received agreement to its proposal to amend the published admission number for the school. This will be capped at 120 for admissions in September of 2018 and in subsequent years.

This change will ensure the maximum number of pupils at the school in future years does not exceed 600. Whilst the overall roll is currently smaller than this, we are seeing an increase in demand for places year on year and this number will facilitate efficient use of our resources whilst enabling us to retain the distinctive features of a small school which many members of our community value.

There has been a considerable increase in the number of secondary school places available in Reading in recent years and it is our view that there will still be sufficient capacity in the system for all students in our designated area to have access to a local secondary school place.

We look forward to welcoming prospective pupils and their families to our Open Evening and Open Mornings at the start of the new academic year in September.

Yours faithfully

Daniel Sadler
